

QUALITY, ENVIRONMENTAL, HEALTH & SAFETY POLICY

Our Policy is to:

Foster and maintain the safest workplace in the industry while working toward the prevention of injury and ill health as well as pollution.

Offer the highest quality products available in the marketplace and meet all customer requirements.

Comply with legal, statutory, regulatory and other requirements applicable to quality, environmental, health & safety management systems.

Utimize all available resources to continually improve the quality, environmental, health & safety management systems.

Set, implement and review corporate quality, environmental, health & safety objectives and targets on an annual basis.

Mark Comerford

President and CEO
