### HAYNES INTERNATIONAL, INC. ANNOUNCES APPOINTMENT OF VICE PRESIDENT - OPERATIONS

KOKOMO, IN, September 18, 2018 – Haynes International, Inc. (NASDAQ GM: HAYN) (the “Company”), a leading developer, manufacturer and marketer of technologically advanced high-performance alloys, announced today that it has appointed David L. Strobel as Vice President – Operations effective September 17, 2018. Mr. Strobel served at Carpenter Technology Corporation for more than thirty years, during which time he held multiple positions. Those positions included Senior Vice President of Global Operations, where he was responsible for all manufacturing sites in addition to global engineering, supply chain management and environmental, health and safety matters, and Senior Vice President and Chief Technology Officer, with responsibility for developing and executing new product growth strategies while enhancing the quality systems across Carpenter’s sites. Following his retirement from Carpenter, Mr. Strobel founded Silver Eagle Consulting, a company aimed at assisting manufacturing companies in defining and executing their strategies for success. The Company is also pleased to announce that, in connection with a retirement, Scott Pinkham will assume the role of Vice President – Tube and Wire, and the Company will continue to benefit from his extensive experience and knowledge of the Company’s operations.

“I am pleased to announced Dave’s appointment to this important role,” said Mike Shor, President and Chief Executive Officer. “Dave brings a wealth of knowledge in manufacturing and in the specialty metals business in general, making him uniquely qualified to help us continue our journey to improve the value and performance of our business in the Kokomo plant.”

#### **About Haynes International**

Haynes International, Inc. is a leading developer, manufacturer and marketer of technologically advanced, high performance alloys, primarily for use in the aerospace, industrial gas turbine and chemical processing industries.

#### **Cautionary Note Regarding Forward-Looking Statements**

*This press release contains statements that constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995, Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, each as amended. All statements other than statements of historical fact made in this press release are forward-looking statements. Readers are cautioned that any such forward-looking statements are not guarantees of future performance and involve risks and uncertainties, including, without limitation, those risk factors set forth in Item 1A of the Company’s Annual Report on Form 10-K filed with the Securities and Exchange Commission for the fiscal year ended September 30, 2017. Actual results may differ materially from those in the forward-looking statements as a result of various factors, many of which are beyond the Company's control. The Company undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law.*
